

WOMEN'S FEDERATION BACKS WILSON FOR PEACE

Resolutions Adopted Strongly
Indorsing President's Course
in the Mexican Difficulty

Approval by the women of Georgia is placed on President Wilson's stand for peace with Mexico at any cost short of national honor by resolutions adopted Wednesday by the executive committee of the Georgia Federation of Women's Clubs and approved by Mrs. R. Dorothy Lamar in behalf of the Federation, United Daughters of the Confederacy.

The resolution by the Federation is as follows:

"Whereas, The Georgia State Federation of Women's Clubs, representing 25,000 women, holds war in abhorrence and feels strong sympathy for Mexico in her torn and suffering state of civil strife; and,

"Whereas, We deplore the fact that the United States has received such affronts and indignities from one of the contending forces in Mexico as to demand just reprisal; and,

"Whereas, The president of the United States has shown great magnanimity, forbearance and Christian kindness in dealing with provocations in Mexico, avowedly seeking no self-aggrandizement for our nation, no quarrel with the people of Mexico, but only the maintenance of our national honor and dignity; be it resolved,

"1. That this nation is committed to peace, so far as peace is compatible with honor and duty.

"2. That the Georgia State Federation of Women's Clubs heartily indorse the action of the president towards the people of Mexico, and trust his course is that of a great and good man seeking to serve his own people and the world according to principles of just and righteous dealing.

"3. That we urge upon our representatives in Congress to support the president in his attitude towards Mexico, and that, as women, we ask Congress to exhaust every right method to avoid war with Mexico, feeling that it is mad to go into war at any time, but less so if we go knowing that every honorable man has been taken to avert the evil, and that we are seeking the welfare of mankind, and not the acquisition of territory.

"4. That we invoke the guidance of the God and Father of all mankind in the deliberations of a congress big with responsibility in the present crisis of international relations.

"IDA H. FITZPATRICK,
President Georgia Federation Women's Clubs.

"By order of executive board in session assembled."

Following is the Georgia U. D. C.'s statement:

"The United Daughters of the Confederacy of Georgia, in its annual convention, indorse the peace resolution of the Georgia Federation of Women's Clubs.

"Representing men who fought a half century ago, and homes that suffered by the conflict between brothers that rived our country in twain, Daughters of the Confederacy fervently approve the president's policy toward Mexico and will do all in their power that the evils of war shall be averted, that knights shall do their mailed might, and universal peace shall reign for the people of the earth.

"D. DOROTHY LAMAR,
President Georgia Div. U. D. C."

Scotti, Nearing Quarter Century Mark in Opera

MAN ATTEMPTS SUICIDE
BY SWALLOWING POISON

ARFONIO SCOTTI

Clipping From Milan News-
paper Twenty-Four Years
Old Speaks of Him as an
Artist at That Time

Signor Antonio Scotti, prince of baritone, confided a secret to his Atlanta friends today. They were incredulous, and well they might be.

"This autumn I shall celebrate my quarter century in opera," he said, modestly.

"Yes, I have sung for twenty-five years."

"You must have started as a child," returned his Atlanta friends. "You can't be more than forty."

But Scotti confesses to a few more than two-score. He made his debut in a little Italian town at about twenty.

William J. Guard, of the Metropolitan opera, met an old musical critic in Milan last summer and the old writer exhibited a clipping from a paper twenty-four years old.

"I heard a young baritone named Scotti last night," he had written. "He gives much promise."

"Then, dated three days later, was this: 'I was mistaken in saying young Scotti gave promise for the future. He is already an artist.'

High praise, that, from a veteran critic in the land of opera. But Scotti has justified it.

Scotti sang in a number of the European opera houses, mastering all the Italian and French baritone roles, and fifteen years ago came to the Metropolitan, then under the direction of Maurice Grau. He has been there every season since, and New Yorkers look upon him not merely as a singer but as an institution.

No member of the company who comes to Atlanta is more of a personal favorite than the quip genius Signor Scotti. His manner is so charming that he is born and bred. He is not affected, nervous, or in any way a gentleman.

Stand how he has remained a bachelor all these years.

Signor Scotti has sung all the great baritone roles in the Italian and French operas and in Italy his chief champion Wagnerian roles in Italian. He was the first in Italy to sing Hans Sachs in

John King, in Fit of Melancholy, Attempts His Own Life—May Recover

Quick action by the physicians at the Grady hospital, probably saved the life of John King, an insurance solicitor, whom the police say attempted suicide by swallowing bicarbonate of mercury poison in his boarding house, 28 Capitol avenue, yesterday.

Melancholy is said to be responsible for his attempt to take his own life. While he is still in a serious condition the physicians say he has an even chance for recovery. When he regained consciousness he said that he did not desire to die.

Mrs. P. F. Smith, with whom he boarded, said that King borrowed a quarter from one of the boarders with which to purchase the poison and that King said "If I live I will return the money."

After securing the tablets he returned home for supper.

At the supper table Mrs. Smith struck his hand aside as he was trying to put three of the tablets in his coffee.

She said he had been suffering from melancholia for some time and she suspected he might try to end his life.

After supper, Mr. Smith took the bottle of tablets away from King and they were given back to him when he exhibited a cut hand, saying he wanted to bathe it in a solution of the bicarbonate.

Shortly afterwards Miss Kathleen Smith in passing King's room, saw him dissolve three tablets in a glass of water and drink it.

At the Grady hospital Thursday morning King's physician said there was an even chance of recovery unless some of the fatal complications, which generally arise in cases of mercurial poisoning, set in.

Jerry King, of Louisville, Ky., a detective, a brother of John King's, was notified by long distance of the attempted suicide.

**THAT TIRED FEELING
IN THE SPRING**

That tired feeling that comes to you in the spring, year after year is a sign that your blood lacks vitality, just as a plump bull and other animals are signs that it is impure; and it is also a sign that your system is in a low or rundown condition in which it will be easy for you to contract disease if exposed to it.

Put your drugstore for Hood's Sarsaparilla. This old standard tried and true blood medicine relieves that tired feeling. Get Hood's today.—(Ad.)

ATTORNEY GETS FIRST VERDICT IN DIVORCE

Rollin H. Kimball, a well known young Atlanta lawyer, obtained a first divorce in Judge W. J. Ellis' division of the superior court Wednesday on the ground that his wife, Mrs. Oriana Kimball, circulated slanderous stories about him and followed him on the streets in an annoying manner, declaring that she would continue to annoy him until he sued for divorce.

Kimball's suit states that they were married in 1902 and separated in 1913. Mrs. Kimball did not appear in court to contest the suit, although when it was filed some months ago she filed a sensational answer to it.

Your baby cannot digest cow's milk—and worse than that, cow's milk brings sickness—even consumption—to our helpless babies.

No wonder they left us—no one in six before their first birthday came around who most of the babies of the land are dirty, your government at Washington tells you that, no wonder they stayed thin and weak when one cow in three carries the germs of consumption (the state of New York tells you that). And even if the cow is healthy and the dairy clean—much has to be done to cow's milk before it is light enough and good enough for your baby. And all that is done in

Nestlé's Food

that gives your baby the strength and health of mother's milk and the softness of mother's milk. Name your baby—even if it is only for a little while—and then if you have a little extra you can add one feeding a day of Nestlé's Food. Then two feedings, and so on, till the baby is entirely weaned.

Nestlé's Food is made from healthy cows milked in clean dairies, purified and changed so that the infant, instead of being fed as he is to mother's milk, and the special thing your baby needs to build a healthy, little body are added. Just add cold water and, and it is ready for your baby.

TAX NOTICE

"Sherman said war was Hell!"
The people say the taxes of Fulton County are

And that on the fifth day of May they are going to adopt a haven of relief by voting against T. M. Armistead and W. H. Abbott, candidates for Tax Receivers of Fulton County, who are willing that the people be burdened with a high rate of taxation that they may enjoy the fifteen thousand dollars in fees that the said office now pays for four months' service, and that they are going to vote for W. F. WESLEY, the candidate that is willing to serve at the price the people want to pay, four thousand dollars.

The man that is capable and worthy of their vote.

The man that has got the manhood, and the honesty of purpose, to speak out and let the people know where he stands on the most important question that concerns the taxpayers of Fulton County today.

The man that is working hard every day that the will of the people may rule, and that those wishes may be put into operation.

The man that makes but two promises:

That he will never oppose the SALARY SYSTEM, and if elected he will go before the proper legislative officials and use his best efforts and influence in having the salary system adopted for the county officials of Fulton County.

And when that is done we will have one of two things in Fulton County. We will have a lower tax rate or we will have more than one hundred thousand dollars left in the Tax Budget to be spent for public improvements, that is now going to a few officials through the fee system.

Remember that T. M. Armistead and W. H. Abbott voted against the salary system, and they are still opposed to it and favor the fee system of fifteen thousand dollars.

The day of election is near at hand and I have every assurance that I will be elected, and if you are sympathetic with, and favor, the salary system that I am battling for, which means no taxation, lend me your influence until election day. Go to the polls on that day and cast your ballot for me, and help make my majority the largest that any candidate ever received that has fought the people's battles.

Truly,

W. F. WESLEY,

Candidate for Tax Receiver Fulton County.

Deputy: C. Wilmont Ferguson.

RULES OF THE SALE:
No Silks Sent C. O. D., on Approval
or Exchanged at These Sale Prices

The Annual May Sale of Silks---That Notable Event

Silks Worth at Retail \$31,000 to be Sold for About \$17,500---
Exclusive Silks---Magnificent Qualities---Extraordinarily Effective Styles!

NEW SILKS---at prices one would never attach to silks holding the forefront of popularity, as are these.

Rich's May Sale has so thoroughly established itself as the banner silk event of the year that its mere announcement is enough to crowd the Silk Store.

Because women who have followed this sale in the past years know what to expect---the newest, smartest silks of the season at about half customary prices.

The sale this year, moreover, takes on a new high standard of excellence. We not only duplicate the silks from regular stock at cut prices; we also feature at sale prices silks **richer** and **finer** than anything heretofore shown.

These silks have every reason to be known as **exclusive**---they are unusual in **pattern**, in **texture** and in **quality**. They are among the most **desired** silks of the day.

These silks come to us as a result of our year round preparedness. The silk chief **plans** for this sale months in advance. Manufacturers and wholesalers **co-operate** with us. Knowing that no lot of silks is too large for us to handle---if **quality**, **styles** and **prices** are right---the manufacturers and wholesalers give us first **choice** of their surplus stocks---it saves them time and "peddling around."

The silks in this sale include these surplus stocks---secured by our buyer on his recent New York trip---together with our own good silks from regular stock. Fully five-sixths of the silks are shown tomorrow for the **first time**.

The silks alone must tell their own story of beauty and exclusiveness. Some of them are displayed in the window; the rest of them will be shown in the Silk Annex tomorrow morning at 8:30. Extra salespeople to insure prompt attention.

Here is what you will find at 8:30 A. M.:

During This Sale Our Dressmaking Parlors

will make up simple frocks at \$15 and \$16, and the more elaborate gowns, suits, etc., at the usual reasonable prices.

A Sale of Sumptuousness. Magnificent Styles in Rich \$5 Brocaded Satins at \$2.65

NEVER before has there been such a demand for rich and sumptuous silks and never before have the wizard artists of Europe achieved such marvels of magnificence as are shown in the silks now here.

Colors fairly bewilder in their magnificence---colors so artistically and intricately combined as to permit the use of any one of half a dozen or more plain-color silks in combination with the multi-colored; colors that might have had a magnificent painting by Nattier or Watteau for their inspiration; colors soft, yet so odd and varied as to give the impression of brilliance, or frankly, almost barbarically vivid.

For Evening Coats---Matinee Wraps and Gowns

these magnificent satins surpass any fabric we have shown this season. Thirty-five full pieces with every possible shade included, 32 inches wide. Easily a splendid \$5 silk at \$2.65.

The Season's Sensation, That Wonderful Cascadeuse Silk; \$3 Quality, \$1.39

LITTLE wonder that the ready-to-wear people featured this rich, crinkled crepe silk. With weight enough to tailor beautifully, it yet maintains the grace of silk in its delightful draping qualities. "The most luxurious silk fabric in seasons," one maker terms it. Like crinkled satin with a shimmer over its surface that brings up the color tones wonderfully. Can be worn on either the satin or unfinished surface. But you doubtless know the silk---it is shown in all the finest ready-made suits and dresses. It is especially charming for traveling and opera coats. 40 inches wide, in a wonderful assortment of fifty (50) pieces, including black and every desired color.

85c New Spotproof Foulards

The ever fashionable foulards in charming shades and new color tones that reflect the new French art in their patterns. They meet the demand for a fresh line for silks that shall be soft and yet have "body" enough for the new slightly bouffant effects of dress.

These are fifty full pieces in these new foulards. The grounds are bestrewn with field flowers of spaced designs in fancy patterns. Daily Garden and Dollar Madison "fleur" designs, ensembles and conventional figures. Black, white and all the leading spring shades. 23 inches.

There is a Treaty of Friendship Between Fashion and These New Foulards.

And common sense approves them because of their durability, their water and dust shedding qualities.

Eighty-Three Pieces of That Fashionable Fast-Selling \$1.50 Silk & Wool Poplin at 98c

ATLANTA women approve this charming silk and wool poplin---we've retailed thousands of yards over our counters at \$1.50. The maker has the knack of combining wool with silk---the fabric has all the beauty of silk with the serviceability of wool. Light and graceful, this silk poplin falls in sinuous, swirling lines. To see it is to love it; we should sell miles of it tomorrow. Fancy the breadth of the color assortment by the fact that we have eighty-three full pieces---white, pink and light blue, we think, are the only shades that are missing. 40 inches.

\$5 & \$6 Imported Novelties

WE'RE glad to offer these stunning French silks at these sale prices. Because of late shipments they were left on the importer's hands and he turned them over to us below mill cost. There are crepe, crinkled crepe and crepe meters, printed in the most wonderful floral colorings we have ever seen. They look like glorified ribbons and will make magnificent evening gowns and wraps. Twelve pieces, chiefly in white grounds. Some worth under \$4; most of them worth \$5 and \$6---44 to 46 inches wide.

All new---and beauty is the keynote of every tint, every pattern line, every fibril of the weaving. Choice \$2.25.

Ah! The Bewitching & Exquisite Beauty of These \$2 & \$2.50 Silk Canton Crepes \$1.19

ALL the refreshing loveliness of these crepes! Soft and crushable and lovely. Daisies pied and violet blue, bestrewn over a crinkly, ripply surface that just radiates beauty. How did the designers achieve such effects!---every pattern seems a dream of delight; each more so than the other.

The possibilities for entrancing summer frocks surpass description. Here is a soft blue ground alive with gold butterflies, there a reseda green with little daisies; here---but enough, one simply must see these Canton crepes. Choice of twenty-eight pieces in blue, brown, taupe, rose, mustard, tango, sage, Alice, Copenhagen, navy, reseda, white, orange and gray. All in spray, bud and flower patterns. 40 inches wide.

For Rich, Soft Swirling Draperies, Choose This

\$2.50 Imported Princess Satin, \$1.29

A WONDERFULLY rich soft supple fabric that will develop into delightful dresses and evening wraps. Made in Zurich, Switzerland, by a sturdy Swiss who guards his silks as he does his honor. Every thread is pure silk; the finish is as smooth as glass.

Solid colors in rose, pink, peach, wistaria, amethyst, gray, slate, taupe, dove, apricot. Also in

Two-tone Changeable Effects

that ripple and glisten like the radiant rays of the sun upon a golden sea. More than twenty different combinations of these, including wistaria and taupe, red and black, green and lavender, green and gray, gold and black, violet and gray, green and blue, silver and pink, rose and Alice blue, rose and gray. Actual \$2.50 value for \$1.29. 36 inches wide.

\$1.50 & \$2 Chiffon Cloths

AN IMPORTED silk chiffon cloth of superior quality. The manufacturer thought he would make a ten-strike by dyeing one-half black and the other half in a color or tint. Fantastic and smart, he thought, for fancy dancing frocks and party dresses. He thought wrong.

Fashion didn't take to the two-toned idea. So we bought the chiffon for a song. What do we expect you to do with them? Just this. Split 'em in half! The cloth is now 48 inches wide---one half is black, the other is white, rose, cream, wistaria, green, tan, or red. Half of 48 inches is 24 inches. That 24 inch width is sufficient for a veil, for making blouses or draperies, for millinery trimmings, etc. One of the makers' original intention---a dancing frock of two-tone silk chiffon would be attractive.

\$1.50 Embroidered Chiffon 95c

BROCHÉ chiffon cloth is accorded first place on Fashion's roster for dancing and party frocks and simple evening dresses. The firm silk chiffon is self-embroidered in dainty spray or flower designs. Blue, lavender, ivory, cream, pink, light blue, maize, Nile green. 42 inches.

75c Beaded Chiffons 29c

IMAGINE beguiling in the sun, or the sparkling iridescence of jewels---that's the effect of these beaded chiffons. Most certainly they will be smart for tango dance frocks. White, gold or silver beads, variously on white, black or colored chiffons.

\$3 Satin Duckes at \$1.49

A BEAUTIFUL quality of brocaded satin ducks. Taupe and seal blue. Splendid for coat linings or evening wraps. 32 inches wide.

\$1 Black Silk Messaline at

EVERY woman knows Rich's yellow edge messaline---that splendid all pure silk yard-wide number that we always sell at \$1. Well---we have ten full pieces that we shall let go at 79c. Black only; pure vegetable dye; soft and pliant.

\$6 Brocaded Bengaline \$1.95

IMAGINE an all-white fine corded bengaline, beautifully brocaded. Fancy the possibilities for a charming evening or opera coat. Choice of two designs. 32 inches.

Mrs. Widrig, special representative, is here to explain the many advantages of Pictorial Review Patterns.

Pictorial Review Patterns---through their special fashion correspondents in Paris and other fashion centers---bring out the very newest styles almost as soon as created in Europe. Come and chat a few moments with Mrs. Widrig; she will tell you many new and interesting things about patterns. She will explain the "patented cutting and construction guides" that enable almost anyone to follow the Pictorial Patterns with ease.

Mrs. Widrig will be with us for two weeks, from May 1st to May 15th.

(Pictorial Patterns, Main Floor, Left.)

Yard Wide Chiffon Taffeta 89c

ONE realizes the unusual value as soon as one handles this taffeta. Soft and pliant, with a full deep body that insures wear. Free flowing quality, easily adaptable to all manner of draperies. Yard-wide, black at 89c. As long as these five pieces remain, choose at 89c.

\$1.50 Striped Chiffon Taffeta

THE smartest silk for Spring and Summer suits and frocks. Charming also when used in connection with plain silks for tunics, peplums and trimmings. Black, navy, Copenhagen and brown grounds, with single, double or triple white stripes. Yard wide.

\$5 Pompadour Silk Coatings \$2.35

A HEAVY white brocaded or moiré silk in gorgeous pompadour patterns---magnificent roses, etc., in colors. Charming for opera coats and wraps. 27 inches wide.

\$6 Brocaded Silk at \$2.98

40 INCH white charmuse or crepe meter. Beautifully brocaded---entrancingly effective for evening gowns or bridal costumes.

\$1 Printed Chiffons 77c

COOL and attractive are blouses and dresses made of these soft, diaphanous chiffons. Field flowers are bestrewn on white or colored grounds; dainty buds or flowers in spaced designs show up fresh and alluring; two-and-three-tone colored sprays blossom as naturally as in one's garden. White, maize, light blue, Alice and lavender grounds. 40 inches wide.

\$1.50 Silk & Cotton Crepes

IDENTICAL patterns from the same manufacturer have sold freely here at \$1.50. There will be no rally to get these at 79c. Silk and cotton; the beauty of one wedded to the serviceability of the other. Patterns are alluring in their bewitching floral designs. Soft and diaphanous, they will make up into the smartest of fresh summer frocks. 40 full pieces in almost as many patterns. 40 inches wide.

\$1.50 Ombre Chiffon 49c

A BEAUTIFUL all-silk chiffon in wonderful color tones. Starting with a deep king's blue the shade grows lighter and lighter until it ends in Copenhagen. In similar fashion a deep myrtle green changes to Nile; a crimson red to pink; a burnt orange to yellow; and so on through the color card. A delightful novelty for dancing frocks; the colors flash optical essence as one dances about. 40 inches wide.

FAR-NORTH SHRINERS TO JOIN ATLANTA CARAVANS

Edmonton Pilgrims Start Wednesday—7-Foot Drum—Major With Californians

Word has been received by the local committee of the Shriners' meeting to expect a big delegation from the north-west city on the American continent—Edmonton, capital of Alberta province, Canada, located north of the 52d parallel of latitude.

Edmonton nobles have notified Secretary J. C. Greenfield that they will come with the Shriners of All Nations temple, Calgary, aboard the "Alberta Special." They will bring with them several hundred members of the order, and will be accompanied by a large band of music set in aluminum discs, and the Canadian flag—and distribute these along the way. They have accepted entertainment in the cases of St. Paul, Chicago, Cincinnati, Indianapolis, and Chattanooga. They will leave home next Wednesday, May 6, bringing the famous "Edmonton Hat" opera band that made just a hit at the Dallas meeting last year and several Highland dancers.

"Dispatches received Thursday by the local committee told also of the start of the first pilgrims toward the Atlanta meeting. Athens temple, Oakland, Cal., bore the distinction of having been the first to get under way Thursday morning. It was followed closely by the three other temples of California—San Francisco, Al Malahak of Los Angeles and Al Bahar of San Diego. These will meet in St. Louis and come from there together in several sections of one special schedule to Richmond, where they will divide, two coming by way of the Seaboard and the two others by way of the Southern.

TALLEST SHRINER COMING

The local committee has been informed also that the tallest Shriner in captivity will be the term major of the temple from California—the band of 121 pieces, with every member a wealthy man. It will be Drum Major L. Larson, seven feet tall, a veteran of the Spanish-American war, and a husband of considerable reputation. The California pilgrims to Atlanta will include a number of the larger cities in the United States. In it will be the combined bands of the crack Sousa patrol, the chasers and soloists and plain nobles of the four temples that state.

In Atlanta it is becoming conspicuous that the Shrine gathering draws near. The following schedule for the parade is almost finished on Peachtree street, entering the whole front of the three lots between Ellis street and the former mission. The combined drum corps, under Johnny Peel's leadership, is practicing regularly. Yarnab patrol is drilling at every opportunity.

J. S. Adams, chairman of the parade committee, announced Thursday that the D. A. Carson, manager of the Mitchell Motor company, has "loaned" a seven-passenger, six-cylinder Buick touring car and salesman for the exclusive use of the imperial potentate during all of the week. "We need still more automobiles than we have listed," said Mr. Adams, "these Atlanteans have been very generous. We want as many cars as possible for use all week. Particular attention we want them, however, for Tuesday, May 12, for the parade and the ladies."

Predicts Atlanta Will in Time Have Its Own Opera

OTTO KAHN.

Otto Kahn, Head of Metropolitan Directors, Says Day Will Come When Grand Opera Will Flourish Here

"Atlanta will continue to have the Metropolitan company here yearly until Atlanta is able to furnish grand opera itself. In a city where there is so much musical appreciation, I am sure there is much talent. The day will surely come—although it may be years off—when you will furnish your own stars, when New York will be coming to Atlanta to hear grand opera or you will be sending your companies to New York to show us how it is done."

He stated Otto Kahn, head of the board of directors of the Metropolitan Grand Opera company, on his arrival in the city Wednesday afternoon.

"There is no city in the United States," he continued, "where grand opera is more appreciated than in Atlanta. I do not except New York. There is no city of its size in the world where grand opera is more successful than in your enterprise or your appreciation,

that makes grand opera peculiarly successful here. You know this is the Atlanta."

ATLANTA'S ENTERPRISE.

"There is something about your city, only city outside of New York where the Metropolitan company has any engagements."

"And I predict a bigger success than ever for grand opera here in the future. You have passed the hard stages. For a long time you had to look out for the material side, for the guarantees. You now can turn to grand opera for its own sake without worrying about financial matters in connection with it. Your appreciation will grow, until, as I said, you are furnishing your own grand opera to the world."

Mr. Kahn and his party arrived at 2:15 o'clock in a train of four special cars. They were driven at once to the Georgia Terrace and thence to the Druid Hills golf course.

Sunday School Rally

A platform meeting and Sunday school rally will be held Sunday, May 2, at the West Mitchell Street Colored Methodist church at 2 o'clock in the afternoon. Several well known white men will deliver addresses to the negroes and a number of colored ministers will speak.

SUFFRAGISTS OF COUNTRY PLAN FOR OPEN-AIR RALLY

Meetings to Be Held in Every City, Village and Hamlet on May 2

"The official board of the National Woman Suffrage association hereby issues a call to the suffragists of the country to rally at an open-air mass meeting on May 2, 1914, in every city, village and hamlet from the Atlantic to the Pacific, to respond to a trumpet blast by singing a hymn of suffrage faith and by adopting a nation-wide resolution to be presented to the congress of these United States calling upon congress to meet the demand of the American women for political freedom."

This stirring call to arms, sounding to suffrage ears like a mixture of the emancipation proclamation and the Declaration of Independence, has been issued by the official of the National Woman Suffrage association.

As announced in The Journal two weeks ago, the Atlanta suffragists have planned a tremendous response to the call. The three largest suffrage organizations of the city, including members from the rest of the state of Georgia, have perfected plans for a mass meeting on May 2, on the Capitol grounds. Speeches, brass bands and suffrage hymns are on the program.

U. S. TROOPS OCCUPY TWO COUNTIES IN STRIKE AREA

Truce Negotiations Continue, Coroner Still Investigating Ludlow Disaster of April 20

(By Associated Press.) DENVER, Colo., April 30.—The occupation of Las Animas and Fremont counties by United States troops, the continuance of negotiations between militia and strikers at Walsenburg for the surrender of the strikers' arms, the taking of additional testimony at Trinidad at the coroner's inquiry into the Ludlow disaster on April 29, were the chief events today in the Colorado industrial war.

Federal soldiers who reached Fremont county yesterday formally took charge of the district today. The second squadron of the Fifth cavalry reached Trinidad in a drenching rain, several hundred citizens welcomed the soldiers at the station, while at their camp the strikers continued their accustomed occupations and diversions.

One of Major Holbrook's acts was the issuance of a statement urging "all law-abiding citizens to carefully read the president's proclamation and comply with its provisions."

The parley between Colonel Edward Vederberg and strike leaders at Walsenburg continued until long after midnight, and today no information had been secured at the adjutant general's office as to whether satisfactory terms had been arranged for the surrender of arms as proposed in the truce agreement late yesterday. It was contended by some strike leaders that they intended to surrender to federal troops and not to the militia.

Senate Is Urged to Stop Shooting of the Strikers
WASHINGTON, April 30.—Urging it was high time for the senate to take steps to stop the "monstrous proposition of Colorado mine owners arming thugs to shoot men, women and children like dogs in a kennel," Senator Martin, of New Jersey, today addressed the senate in favor of immediate action on his bill to make it a criminal offense to employ armed guards.

Senator Martin introduced the bill after the investigation into the recent West Virginia coal strike at Paint and Cabin creeks. He said today in the senate that "armed brutes" employed as mine guards were responsible for the setting aside of constitutional government in West Virginia and even worse consequences in Colorado.

Stella Goldsmith, of Decatur, to Appear on Opera Stage Friday

STELLA GOLDSMITH.

When the curtain falls on Madam Butterfly Friday night the only person on the stage will be little Stella Goldsmith, aged five years, of 16 Church street, Decatur.

She takes the part of Butterfly's little son, a role for which she was chosen by Madam Farrar herself Tuesday afternoon.

Stella, with several other little Atlanta girls, was met by Miss Farrar at the stage door to the auditorium at 5 o'clock and at once won the prima donna's heart.

"She will be a darling little son," smiled Miss Farrar, as she picked her up and hugged her.

Little Stella does not appear until the very close of the opera. In the final scene Cio San, deserted by her American lover, takes her own life with the sword of her fathers.

As she stands alone on the stage, her little son runs out into her arms. Cio San picks him up very tenderly and thrusts two tiny American flags into his hands. Then Cio San is just visible behind the screen as she plunges the long sword "into her heart" and falls backward. And out in front the little son, Stella, in real life, faces the audience waving the Stars and Stripes until the curtain falls.

ALBANY TO ADVERTISE DURING SHRINERS' WEEK

Directors of Chamber of Commerce to Send Exhibits to Atlanta

(Special Dispatch to The Journal.) ALBANY, Ga., April 30.—The directors of the Albany chamber of commerce are considering a plan to advertise the Albany and southwest Georgia in Atlanta during Shriners' week. The plans are outlined mean the display of products of this section, especially paper shell peaches, in Atlanta during the entire week of the opening of headquarters in Atlanta, and a proposition to bring at least a hundred Shriners from Atlanta to Albany for a day's visit.

The visit of the Shriners to Atlanta will afford an excellent opportunity for advertising, and Albany is determined to make the most of it.

MAY ESTABLISH BUREAU OF LABOR EMPLOYMENT

Bill Introduced for Government to Furnish Work for Laboring Men

(By Associated Press.) WASHINGTON, April 30.—The house labor committee had before it today a bill introduced by Representative Murdock, of Kansas, the Progressive leader, to establish a bureau of labor employment in the department of labor, the object being to lessen unemployment in the United States. The bureau would be augmented by a system of free labor exchanges at important industrial and commercial centers of the country. Such exchanges would co-operate with state, municipal and private agencies. The bill provides for regulation of private employment agencies in so far as they involve interstate business and for bringing together workmen seeking employment and employers seeking workmen.

Mr. Murdock said that several national organizations would actively support the measure and that it embodied the first step in the program outlined by the first national conference on unemployment recently held in New York.

Find Horrible Conditions In Prison at Vera Cruz

Dungeons Below Water Line. Many Cell Floors Covered With Water, and Instruments of Torture Revealed

(By Associated Press.) VERA CRUZ, April 30.—Rear Admiral Fletcher's decision announced yesterday to remove immediately all prisoners from the fortress of San Juan de Ulua, known for centuries as perhaps the foulest prison on the American continent, came after an inspection had been made by Commander H. C. Stickney, inspector of the port and the customs, who occupied the place, and by officers especially detailed for the work. This prison, constructed in the form of an island in the harbor, held more than 400 prisoners, 200 of whom already have been released or transferred to other prisons.

The inspection by the American authorities verified tales that had been written and told for generations of the terrible conditions prevailing there. Many dungeons were below the water line when the tide was running in, at which time the inmates, many of whom were half blind on account of their long incarceration in semi-darkness, were drenched. Other dungeons were so constructed that it was impossible for the victims to lie down.

DEVICES OF TORTURE. Ancient devices of torture were discovered and there was evidence that these recently had been in use. Among those held in confinement were men once of prominence, but whose names now almost have been forgotten; men who had been there so long that their minds were blank and men so debilitated by treatment that they received as to insure their transfer to hospitals instead of to prisons.

The appearance of the prisoners was pitiable. Emaciated creatures stimulated forward to thank the inspecting officers for their delivery. Long beards in many cases were matted over dirty countenances on which once the fashionable elements of the federal capital had looked, for many of those imprisoned were once prominent in society, in politics and in the army.

Each succeeding administration perpetuated the use of this ancient fortress as a prison—a use to which it was put by the Spaniards. The late Francisco I. Madero inspected the prison just prior to his taking charge of the government at Mexico City.

He was horrified by what he saw and declared with much solemnity that his first official act would be the removal of the prisoners and the conversion of the fortress into an arsenal. He did go so far as partially to prepare military prisons of Vera Cruz, to which he talked of removing the prisoners, but his promise to clean out the prison was

one which he neglected or found impossible to keep. Commander Stickney yesterday was ordered to take over the prison with its shops and everything else pertaining to it. Such ship work as required by Mexico's navy had been done there. The handling of and providing for the poor of Vera Cruz also was taken in hand yesterday. The poor were beginning to suffer slightly for want of food when the American naval forces undertook the task of providing for them. Not desirous, however, of pauperizing them work of a public character has been provided for the majority of the needy ones.

Miss Huntington Becomes Bride of Vincent Astor

Mr. & Mrs. V. Astor
HELEN DINSMORE HUNTINGTON—
Daughter of the late Col. John Jacob Astor, Titanic victim.

She was 21 on April 9. Tall, slender, blue eyes, bronze gold hair. Likes outdoor sports better than society. Her father is Robert Palmer Huntington, the iceboat champion of New York.

The Groom: VINCENT ASTOR—Son of John Jacob Astor, Titanic victim. Inherited \$45,000,000 Astor estate. His grandmother was the carina of New York society. His hobby is agricultural experiments. His opinion of his bride, "Helen is just a sweet, sensible, nice girl."

Church Ceremony Is Cancelled Because of Bridegroom's Recent Illness, and Only a Few Close Friends Are Present

(By Associated Press.)
STATENBURG, N. Y., April 29.—William Vincent Astor, son of the late Col. John Jacob Astor, and Miss Helen Dinmore Huntington, whom he has known since childhood, were married here shortly after noon today in the big oak-paneled library of Hopland house, home of the bride's parents, Mr. and Mrs. Robert P. Huntington.

Less than fifty persons witnessed the ceremony and of those three were the superintendents from the Astor, the Huntington and the Dinmore families respectively. The other guests were relatives of the bride's family. Plans had been made for an elaborate church wedding, but Mr. Astor's recent illness, which threatened pneumonia, made necessary the abandonment of these plans. Eighty-two wedding announcements were sent out after today's ceremony, but the small company that witnessed it had been invited by informal notes, penned by Mrs. Huntington's secretary.

A fine rain was falling when the few guests from New York City arrived at the 400-acre Huntington estate. Guards had lined up at the entrance and only those whose credentials were unquestioned were admitted.

Mr. Astor himself is a deputy sheriff of Dutchess county and some of his fellow-deputies acted as sentinels at the gates.

MARRIED IN LIBRARY.
Green foliage and spring flowers from the Huntington conservatory and from New York hung everywhere throughout the rooms of Hopland house. Buried in blossoms, with here and there a touch of green, was the marble mantelpiece in the library before which the couple stood. Miss Huntington entered the room on the arm of her father. At her throat gleamed a magnificent necklace of pearls, the gift of the bridegroom.

Her bridal gown was of white tulle, with a train of white satin. Her lace veil had been worn by her grandmother, Mrs. Dinmore, and by her mother before her.

Herman Orlin, of New York, an old friend of Vincent Astor, was best man. Miss Alice Muriel Astor, sister of the bride, was maid of honor and the little Misses Muriel Astor and Margaret Down, two flower girls. The two children were prettily garbed in coral-colored chiffon and dotted with blue sashes. Small flowers wreathed their hats and each carried an old fashioned bouquet.

ORCHESTRA OF 20 PIECES.
Mrs. Robert Huntington, the bride's mother, wore blue taffeta and chiffon. A screened orchestra of twenty pieces played the Lohengrin wedding march and the Rev. Charles H. Duncan, rector of St. Margaret's church, Statenburg, read the Episcopal marriage service.

When the pair had risen man and wife the wedding party assembled in the "long room" adjoining the library where a wedding breakfast was served. Mrs. Ava Willing Astor, mother of the bridegroom, was among the wedding guests. The young widow of Colonel Astor, although invited, was not present.

PLANS YACHTING CRUISE.
Until a week ago the young heir to the vast Astor estate—estimated at from \$75,000,000 to \$100,000,000—was ill in the Huntington residence. While visiting his fiancée a month ago he became seriously ill with an abscess on the lung. Although his physicians permitted him outdoors for the first time only four days ago, young Astor insisted that there be no delay in the wedding.

It is understood Mr. and Mrs. Astor will remain at their country home not far from the Huntington place, for a month. They hope Mr. Astor's health then will permit a yachting cruise and a visit in England at the home of his mother, Mrs. Ava Willing Astor.

The Huntington family declined to give out any list or description of the many and handsome presents received by the bride.

C/B A la Spirite Corsets

Are You as Smartly Dressed as You Want to Be?

Smartness isn't alone a matter of the expensive material or the elaborate design of a gown.

You know women whose clothes are never costly, yet who still have that positive air of elegance that comes from good lines.

Your figure will display that same elegance if you will wear the special C/B Corset made for you. It is one of the 240 different and distinct C/B models—one for every type of figure.

It will gently mould your figure into the lines you most desire—smart lines, youthful lines.

The new season's C/B models are now on exhibition at all leading stores. Prices \$1 to \$10.

"THE STANDARD EVERYWHERE FOR THE WOMAN OF FASHION"

Bell Telephone Service During Shrine Week

WHEN the thousands of visitors come to town during Shrine week the telephone service, along with other public and private utilities, will be under a severe strain to meet the increased demands.

We shall try to render a telephone service as nearly perfect as is humanly possible. Our plans have been completed and all we need now is a little co-operation on the part of the homefolks.

There must be enough pay stations to accommodate the visitors; there must be sufficient trunk lines and stations in hotels, cafes, drug stores, taxicab offices, railroad ticket offices, baggage offices and other public places so that the increased traffic may be handled between these points and our central offices.

Our representatives are calling upon business houses every day to discuss this matter. It may not be possible to see all, so you should telephone the manager's office NOW and arrange for additional service during Shrine week.

If you are to derive all possible benefit from this notable event your telephone door must be wide open. If we are to render a service in keeping with the Atlanta Spirit we must have your co-operation right now.

We have well-trained operators and adequate mechanical equipment.

May we have your co-operation?

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

Jackets Meet Alabama in Return Game at Grant Field Tomorrow

DIANA DILLPICKLES IN "SOUVENIRS AS PROOF" A 4-REEL "SCREECHER" FILM

THE PORTLIGHT BY GRANTLAND RICE

If I were listed in the game from baby to commander I would not ask to be a star like Pitcher Alexander; I would not ask Joe Wood's renown—a corner on the job—Nor like the settled prowess of a Collins or a Cobb; I'd hardly ask so much from fate, if baseball were my bent, to shine as one of these phenoms amid the firmament. But, take it up and down the line, I think I'd be content To be a poor old hasbeen—like Hans Wagner.

Among one or two other affairs, our idea of nothing to get wrought up over in the series of our organized baseball and the Reds are bringing against each other. If either side collects 15 cents we'll agree to gulp down the parchment upon which the order is written.

We still have a hazy, rambling idea that 99 per cent of the fanatics, plus another per cent, are still merely interested in what happens on the ballfield—not in the scaled, more or less, courts of justice.

THE UPLIFT. All things are strictly comparative. We can only judge what is by what was—or words to something like effect. And, judged by "what was," the Yanks look like \$2,000,000 in the bank.

Imagine an old Yank array mixing up for two weeks with Mackmen and Senators and finish the count with a percentage at .500. If you can imagine that you ought to get money for it.

AFTER ARNOLD JACKSON. Come, "Sound the tocsin from the tower And fire the caliver!"—Let pop-eyed joy be unconfined Amid the batty din.

Out with the old Hip, hip, hooray. Where banners gleam the mast. For dear old England's gone and won A championship at last.

Far be it now from us to spoof Or ride the British goat; Before we josh we hope the words Will choke our bally throat;

So let the dance go moving on With laurel scattered fast For dear old England's gone and grabbed A championship at last.

The dismal effect of a too early starting has now been shown in its most vivid coloring. In his last start Mathewson emitted two bases on balls—showing the disastrous effects of attempting to push a summer game through a snow bank.

Last season Matty allowed twenty-one passes in something like forty-five games. Permitting two to a game is fairly close to a world's record—for him.

THE FED ATTENDANCE. Sir—I have been watching closely to get an idea of the accurately kept attendance at Federal league games. This, after all, is what the average fan is most interested in from the new league. Have you seen any statement of how they are drawing?

In their opinion the Reds are up to a high standard of paid admissions. From what we have gathered they are drawing exceptionally well in Chicago and St. Louis and about an average in other cities. But this isn't direct testimony—merely what two managers in a multitude of exchanges where the figures vary with a fairly robust variation.

MEDIATION. This mediation idea is a great little system. Why not have the batman get the umpire to mediate with Walter Johnson or Mathewson, based upon the agreement that the fast ball or the fadeaway will be completely eliminated?

Or have the pitcher mediate with Sam Crawford, Ty Cobb, Joe Jackson or Frank Baker upon the understanding that the limit will be set at a two-base hit.

It begins to look as if even the Mackmen will turn it hammered upon sufficiently.

WRITE HOME. "Who have the Pirates got to make any pennant fight with?" queries an exchange. Nobody in the world—but Wagner, Koney, Vio, Morrey, Carey, Gibson, Adams and three or four more.

Don't get it into your scrambled brain that Pittsburgh is any morning glory. Or that Pittsburgh hasn't any regular ball players aboard. Pittsburgh has the best infield in her circuit—a grand catch as long as Gibson can keep going—a fair pitching staff and in Max Carey one of the greatest of National league outfielders. The material is there to launch quite a rumpus if properly coaxed.

SHARP SPORT JABS

They say New York is the leading city, but while they plan for a bicycling season, others are planning airplane races.

It was Jim Coffey, not the breakfast server.

Harvard is to have a seven-story gym, with a running track on the top floor. They should have some high boys.

WOES UNNUMBERED BESET MANAGER FINN OF TURTLES

BY INNIS BROWN.

The hoary-haired gent, whose duty it is to chronicle the triumphs and tribulations of mortal man, is busy just at present scribbling in his diary the woes that beset the genial Mike Finn, pilot of the Memphis Turtles.

Now that's what I call a hard run of luck, that and more like it. Don't know just when things are going to begin breaking decent for us. But we will keep at it right along. I let two of my youngsters go this afternoon. Pitcher Smith goes back to New Haven, and Sniff will return to Ottumwa, in the Central association. Got to get some others pretty soon, but don't know just where they are coming from. What is more, I don't know from day to day how the team is going to line up for the game. I sent Sniff in at third Tuesday, because he said he was an infielder. Am making any and all kinds of changes these days.

Just then the bell rang calling the team to play, and Mike scuttled over to the batting order of his ragged legion.

But long to catch the first game he has worked this season, although he has been playing two weeks. Over there on first we are working George Merritt, a pitcher, because Dinkel is nursing a broken arm sustained in a collision with one of your players at Memphis. As yet we have been unable to use McPherson scarcely at all. Glen Liebhardt is home sick in bed.

Jackets Make Ready for Ala.

Local Collegians Play Second Series With Tuscaloosans Friday and Saturday at Grant Field

The Tech baseball team has returned from their first trip of the season, and is working out daily for the series of games with the University of Alabama, beginning at Grant field Friday. The Jackets got an even break on games won and lost on their trip, winning two and losing two. In a fifth game scheduled, they were leading by a score of 1 to 0, when the contest was called in the fourth inning because of rain.

Three games were played with Alabama, the first being lost, and the next two, a double-header falling on the right side of the count for the local boys. The other game lost was the first with Mississippi A. and M. It is a rather peculiar fact that the Jackets have lost the first game of practically every series this season, only to come back and turn the tables on their opponents in later games. Auburn, Mercer, Vanderbilt and Alabama. All got the first win, but were trimmed by the Jackets in those which followed the opening.

Rome Making Preparations For Opening Game. April 25. Interest in baseball is at fever heat in Rome, and arrangements are being made to run a special train from Rome to New Haven on May 6, at which time the local team will open the Georgia-Alabama season.

A campaign is also being conducted in an endeavor to capture attendance trophy offered by the league for the largest number of fans present on opening day. The season starts here on May 7. A local jewelry store is offering a silver hat and gold ball to the most valuable player on the Rome team, the award to be made by a vote of the fans at the end of the season. The prospects for a successful season are brighter than in years.

Park Hurls and Kentucky Wins

Tuscaloosa, Ala., April 30.—In a pitchers' battle, Kentucky Wednesday afternoon defeated Alabama by a score of 2 to 1. Both pitchers were in splendid form and pitched ball that would win most games.

Park, of the visiting team, however, had somewhat the better of the argument, and his teammates played steadily and hit harder than the home team. Alabama's lone run came in the third, when Ladd walked, got to second on a wild throw and scored on Joplin's two-lugger.

Kentucky got one run in the fourth and another in the fifth. The first came when Park hit for two bases, and scored on a single by Tuttle. The next was the result of two errors, a walk and a sacrifice fly.

Park, the visiting hurler, was the star of the game. Three times he struck out three men in succession, and he played all over the diamond besides.

Score by innings: R. H. E. Kentucky..... 000 110 000-1 1 1 Alabama..... 000 000 000-1 2 3 Park and Reed; Smith and Wells.

POULTRY, PIGEONS AND LIVE STOCK

One Thing That Has Hurt the Poultry Business

POSSIBLY one of the things that has done more to hurt the poultry business than any other one thing has been the lack of knowledge connected with this business. Hundreds of people who raise a few fancy chickens do not even know a standard and do not know a first-class bird when they see one. Because they have a variety of the thoroughbreds and they should bring a fancy price, the result is they advertise, ask a good price and have received hundreds of orders at fancy prices for both eggs and fowls. They would like these orders in good faith, thinking they are getting their customers the value of their money in many cases the customer would not get value for the right money.

But new breeders, especially new ones, actually know the worth of a good bird or egg of certain pens of fowls, and they are not getting according to it. They have been the rock that has caused more failures and more misadventures in this business than any one thing connected with it. They have been the cause of many people who have paid fancy prices for birds and eggs, and have received nothing, practically nothing, at home. In the other words, the worth of the bird or egg is selling less and fowls at a price that was reasonable enough for the right money.

But new breeders even know how to grade the different qualities in an instance a \$50 bird is far cheaper at \$50 than the average bird would be at \$1.10 to \$2. Many people who have been purchasers have not known how to grade the different qualities in an instance a \$50 bird is far cheaper at \$50 than the average bird would be at \$1.10 to \$2.
